DETAILED ACTION

This office action is a response to the amendment filed on 2/3/2006.

Election/Restrictions

1. Since generic claims 1 and 43 are allowable, claims 2, 4, 44 and 46, directed to an inner conductor, previously restricted from the election of species, are now subject to bring rejoined. Claims 1-11 and 43-47 are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the further election of species for Species A as set forth in the Office action mailed on 8/9/2005 is hereby withdrawn. In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claims including all the limitations of an allowable product claim or rejoined process claim are presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.
